Dear Miss Carson:

I am glad to know that such satisfactory arrangements have been made with Miss Dyke in regard to the co-operation of nurses and at the same time giving us the use of the room in the Settlement that we had formerly allowed them to have.

There is no reason why the meeting of the Board should not be postponed till the 9th of October, and I will ask Miss Skinner to keep this in mind.

I will also write to Dr. Hastings regarding the form.

Yours sincerely,

President.

Miss Carson,

University Settlement.

Dear Miss Carson:

I am very sorry that I shall not be able to see you to-morrow afternoon. I expect to be out of town during the whole afternoon.

I hope that if we set the Settlement Board meeting for Wednesday evening, October 11th, that will be convenient to you. Monday night being Thanksgiving would not suit a good many members of our Board.

Yours sincerely,

President.

My dear President Falconer:-

I had a very satisfactory  
interview with Miss Blake and all  
is pleasant and peaceful and we are  
to have the co-operation of the Unions  
without this receding or occupying  
space in the Settlement. I did  
not get away for my vacation  
until the beginning of September and  
I find it impossible to be in Toronto  
the second of October which would  
be the legitimate time for the first  
Board meeting. Will it be possible  
to postpone it until the following  
Monday? I do not feel that Miss

heads is equal to the preparation  
necessary for it - and even though  
I did arrive on Monday I would  
not have sufficient time to  
arrange reports etc necessary.

I am looking forward to a  
splendid year of work at the  
Settlement. I think every thing  
points that way. Trusting  
that it will be possible to defer  
the meeting as I am very anxious  
to be there, and do not wish to trust it  
to Miss Woods. I am sincerely yours  
Sara Libby Corson
